## **Coaching Sessions**

You will have already met at least one of the Clubs Coaches on your beginner's course and may now be wondering how to go about getting further coaching. Speak to members / coaches / committee members and we will do all we can to help you progress with your shooting skills. However, please remember that coaches also shoot, so do not expect a coach to stop shooting for you.

No coaching is to take place on the common shooting line **if** it interferes with normal shooting.

## **Communication between Members**

We have the mobile app Discord; all members are free to join (ask the I.T Officer for an invite). Important announcements/upcoming shoots, will also be pinned onto the notice board within the Pavilion.

If any member wishes to communicate with the committee regarding club issues please feel free to talk to us, if we are not available please email any one of us and we will contact you as soon as we can.

## **Volunteering**

Members will be expected to contribute some time or time equivalent every year to the preparation, staging and execution of the Open Club tournaments either as Field Party or in some other capacity agreed by the Tournament Organiser who will organise the work and record the details.

Any time there is an event at the club, a notice will go up on the notice board and on the Discord app & Website, asking for volunteers. We always need helpers and no offer of help has yet been refused and is always gratefully accepted.

The club cannot hold tournaments unless we have volunteers that are willing to help and all volunteers will receive *free food and refreshments on the day/days that they volunteer*.

Even if you cannot help all day, an hour or so of your time will be appreciated. If you cannot help on the day/days of an event, there may be jobs that need doing the day before, so please help if you can.

Prior to events being held any donations of food/drink will be gratefully received.

## **Bronte Archers Facilities/shooting ground**

Bronte Archers do not own the pavilion; it is owned/managed by Woodhouse Grove School. We have an annual lease, which may not be renewed if we do not maintain the agreements in place regarding the use of the facilities. Please ensure you keep all areas (outside & inside) including the kitchen/office/toilet and range clean and tidy. Please keep the storage areas in a clean and tidy state. Replace ALL EQUIPMENT in the relevant correct place.

## **Grass Cutting**

This takes priority over shooting or other activities. This may need to be carried out on any day at any time, please have respect and courtesy and cease shooting until the groundsman has finished and the field is safe.

## **Shooting Outdoors**

When any shooting is in progress there must be a minimum of two people present each being a minimum of 18 years of age, one of whom may be a non-archer to act as a lookout. The archer is responsible to inform the lookout of all safety aspects applicable. Where two adult archers are present and shooting together they will alternate on the shooting line so that the non-shooting archer can act as the lookout.

**Juniors.** When juniors (i.e. Under 18) either individually or in groups are present at the club they must be supervised **at all times** by at least one parent/guardian **and** one non shooting AGB Senior Member. If shooting together as a family, bosses must be placed side by side to enable adequate supervision.

The field must be roped off correctly;

### **Side Safety Areas.**

Each side safety area is the area in front of the shooting line and to the side of the range (including the overshoot area) enclosed by a line from a point 10yds to the side of the shooting line, to a point 20yds to the side of the range at 100yds from the shooting line, and continuing on that angle of line to the overshoot line/fence.

**Note:** If the overshoot line is 150yds from the shooting line, the side safety area at that distance will extend 25yds to the side of the range.

Caution signs in a clearly visible place and bosses tied down correctly at all times.

Always be vigilant and be prepared to call "Fast" (the universal archery emergency phrase) if you spot a hazard, always respond to the "fast " call by lowering your bow arm and replacing your arrow back in your quiver. Wait until the hazard has gone and when safe to proceed either call "Clear to Shoot" or wait for the "Clear to Shoot" command to be given before commencing shooting. This applies even though we have a new fence erected. If persons/animals are walking behind the fence the "Fast" rule must be adhered to.

## **Remember to abide by all the safety regulations when you shoot.**

Please note that "All Carbon" arrows are **not** to be used outdoors at Rawdon Meadows. Members or associates found using these will instantly have their membership revoked.

This is a **ZERO TOLERANCE** rule.

ACC, ACE, X10 and other aluminium cored arrows are allowed.

No crossbows may be used at the Club.

When shooting, if you are consistently missing the boss and looking for arrows in the grass, this may impede shooting time for other archers. Please be respectful and move to a distance you are comfortable with. Other members do have the right to politely ask you to move down to a distance you are capable of shooting.

## **Lost Arrows**

Before commencing shooting please count how many arrows are in your quiver. When collecting your arrows after shooting an end, please make sure you collect the same number of arrows you have shot. All arrows must be identifiable, please put your initials on all arrows with a pen/sticker.

All lost arrows must be found to protect other users of the field from injury.

Other archers should assist in looking for lost arrows to minimise disruption to shooting. A metal detector and rake are available for this purpose. Arrows that cannot be found must be notified to a Committee member, reported in the Lost Arrow Book (located in the office) and communicated to others via the Discord app or the forum on the website.

## **Etiquette** – A Good Archer **Does Not**

- Talk loudly whilst others are shooting
- Talk to another archer who obviously prefers to be quiet.
- Make any exclamation on the shooting line that may disconcert an archer in the act of shooting.
- Swear or make inappropriate remarks, please remember we are on school premises (there may be children present)
- Approach or leave the shooting line while archers either side are at full draw
- Approach another archer to give advice on their technique, form or any other information regarding their shooting (unless they are being dangerous)
- Go behind the target to retrieve arrows until the score has been recorded
- Walk up and down the shooting line comparing scores
- Touch anyone else's equipment without permission
- Start taking in the roping equipment before archers have finished shooting for the day
- Expect other archers to put up and take down bosses, you must always help if you can.

## **Etiquette** – A Good Archer **Always**

- Takes their litter home or disposes of it in a bin
- When calling scores, does so in groups of 3, for example "7-7-5" pause "5-3-3"
- Offers to pay to replace another person's arrow (or other equipment) if they break through their own carelessness and offer to pay for it on the spot.

If you have any accidents or injuries when at the club, please write it in the Accident/Injury Record Book (located in the office). Cliff Braybrook is the clubs certified First Aider.

Sandals are not permitted to be worn when shooting (indoors or outdoors). This is for your safety, please adhere to this rule or you will be asked to leave the premises (re-offenders will instantly have their membership revoked). The keys **must** be returned by 9.45pm. If reception is closed please post the keys through the door to the left of reception.

### **NOTE:**

When the school is closed for holidays, the pavilion keys are kept in the everyday container, please ensure that the container is locked after collecting the keys and when returning the keys back to the container please ensure you lock the padlock on the container correctly.

When shooting in the pavilion range, the fire exit door may be wedged open to allow air flow in hot weather, however, due to security concerns, it must never be left open when leaving the range unattended, i.e. toilet breaks, use of kitchen facilities etc. Any member found using the fire exit door without due care and attention will no longer be allowed to shoot in the indoor range.

- When leaving the pavilion, go through the checklist;
- Make sure Fire Exit Door is securely locked
- Tidy the range & turn off heaters and lights
- Wash any cups/cutlery you have used and wipe down surfaces, put away, lock the cupboard and return the padlock key to its hook in the office.
- Tidy the office & lock the office door
- Lock the pavilion door and then return the keys.

- If any archers wish to continue shooting then you must ask one of them for their card, give them the keys, then proceed to collect your card from reception, leaving their card in place.

### **252 Distance Award Scheme (Outdoors)**

Bronte Archers are keen to encourage all members to develop their archery and have in place a 252 Award Scheme.

The 252 Award Scheme is designed to help you practice your shooting at different distances and recognise your achievements.

The rules are here <http://www.bronte-archers.co.uk/award-schemes.html> and printed on the scoresheets which are available in the office.

Badges are available from the Records Officer for a small price of £2.50 each.

### **Portsmouth Round Badges (Indoors)**

The Portsmouth Round is one of the main rounds shot when we move indoors for the winter.

There are badges that can be achieved for attaining certain scores.

The rules are printed on the score sheets which are available in the office.

### **Outdoor Classifications**

This is a score-based scheme for seniors and juniors, shooting the rounds appropriate to their age. These are the classifications with Grand Master Bowman being the highest level:

- Grand Master Bowman
- Master Bowman
- Junior Master Bowman
- Bowman
- Junior Bowman
- 1st Class
- 2nd Class
- 3rd Class

Claims for Bowmen, 1<sup>st</sup>, 2<sup>nd</sup> & 3<sup>rd</sup> Class & Bowmen Badges are administered by Archery GB clubs e.g. Bronte Archers

To gain a classification you need to shoot three scores that meet that classification level. The highest two classifications, Master Bowman and Grand Master Bowman, can only be achieved with scores achieved at record status competitions. Once you achieve a classification you cannot go back and claim a lower one.

You can hold different classifications for different bow types, but you can only hold your classification for the calendar year in which you shot your qualifying scores. You must re-qualify each year to maintain it.

The list of scores appropriate to gender, age, round and bow style are in the Classification Tables of the Shooting Administrative Procedures.
