

Covid-19 Return to shooting Phase 2 – Version 1

Important: For archers wishing to shoot in Phase 2

When booking to shoot you are agreeing that you will abide by ALL the control measures within the Risk Assessment and will follow the guidance the club has put in place below.

ALL ARCHERS MUST BRING THEIR OWN WASTE BAG AND TAKE HOME ALL THEIR USED GLOVES & FACE COVERINGS

PPE Equipment provided by the Club: (if you can provide your own, please do)

70% Hand Sanitiser

Face Covering (mask)

Disposable single use gloves

Disinfectant & Kitchen towel roll or disinfectant wipes

The Pavilion is strictly out of bounds; no toilet facilities are available! Any archer found to be relieving themselves on the school grounds will be expelled from the club with immediate effect!

Archers from different households

On arrival at the range for your session

All archers must set up/take down your archery equipment at your vehicle or a safe distance away from all other persons

If you are the 1st to arrive **do not start setting up alone**, wait for another archer to arrive:

1st Archer

1.Unlock the container

2.Sanitize your hands using the sanitiser provided inside the container

3.Put on a pair of the provided disposable gloves

4.Important: You **MUST** sign in completing the following; time of arrival, your name and your allocated boss number. Signing in/out book will be placed on the back of the container door (archers **must** use their own pen)

Wait for the next archer to arrive

Stay 2 metres apart until they have followed steps 2,3 and 4 above and additionally put on one of the provided face covering (mask)

Still keeping 2 metres apart The 1st archer must now sanitise their gloved hands and put on one of the provided face covering (mask)

Together you can now start to set-up the range. **Maximum of 5 bosses placed 4 metres apart on the marked centres.**

NOTE: For the time being Bronte Archers are staying with 1 person per boss from different households/ 1 family per boss from same household. We are NOT implementing AGB's Phase 2 guidance of sharing bosses with different households/bubbles and having 2 or more shooting details.

Please start shooting at a short distance to minimise chances of missing the target.

If another archer arrives, they too have to stay 2 metres apart until they have followed steps 2,3 and 4 above and additionally put on one of the provided face covering (mask) if they are going to help putting out bosses.

If a family/couple from the same household are setting up, face coverings are not needed but all must sanitise and wear the disposable gloves provided.

1 small bottle of sanitiser must be placed safely with each boss (tucked behind the stand leg) e.g. 4 bosses = 4 bottles of sanitiser (these will be provided by the club)

On completion of setting the required amount of bosses onto the range

Distance yourselves 2 metres apart

Face covering and gloves may now be removed and disposed of into the waste bag that you have brought yourself and will take home to dispose of.

Follow the rules of shooting, nominate a field captain (usually the archer shooting the longest distance but can be anyone) and enjoy your session whilst socially distancing at all times.

Lost Arrows

If you miss the target and lose an arrow/s you must stay within the lines of your lane and keep 2 metres away from other archers until arrow is found. If arrow isn't found before you leave, please let everyone who is present know and complete the "Lost Arrow" sheet (on the container door).

Taking down the range

Group from same household

All must hand sanitise and wear the provided gloves when putting up or taking down the range

Archers from different households

All must keep 2 metres away from each other until hands are sanitised and face covering in place.

Once all equipment is back in the container, sign out, then close and padlock the door **before** removing your gloves. Gloves and face covering **MUST** be put into your own waste bag and disposed of once you arrive home.
